

fun and creative washi tape project!

Snowman and the moon

Step 1

Fill the box too the right with washi tape from the arrows and up. Use Willwas Starry Night 10mm washi tape, or a darker washi tape with stars, snow, galaxy or dots on it.

Step 2

Cut out the box, the snowman with the snow and the moon.

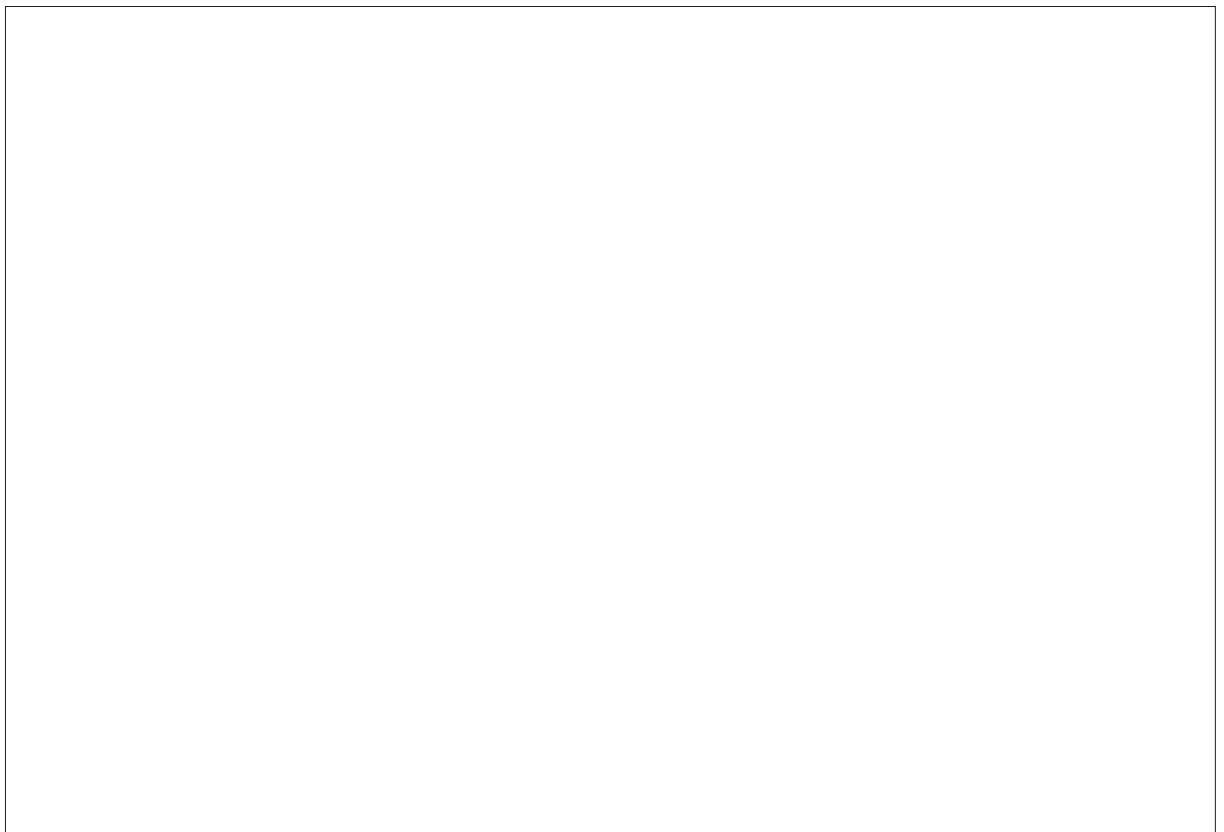

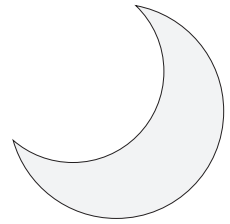

Step 3

Place the snowman piece in the bottom of the box and if possible cut away the washi that is under the snowmans head and nose (so that the dark washi will not shine through).

Step 4

Glue the Snowman piece in the bottom of the box and the moon in the middle of the sky (for the moon you will need a glue that can stick on washi tape).

Good luck & have fun!
